Subject: Application for Data Science Position

Dear Sir/Madam,

I am writing to apply for the Data Science position at your organization. I have completed my Bachelor of Computer Applications (BCA) from SDJ International College, VNSGU, and I am currently pursuing a Data Science and AI/ML course from Tops Technology.

I have knowledge of Python, NumPy, Pandas, Matplotlib, Scikit-learn, MySQL, Excel, HTML, CSS, JavaScript, and PHP. I have also worked as a Front-End Developer and Back Office Executive, where I gained practical experience in data handling, Excel work, website development, and problem-solving.

I am interested in building my career in Data Science and applying my technical knowledge to real-world business problems. I am a quick learner, hardworking, and willing to learn new technologies and skills.

I would appreciate the opportunity to discuss my qualifications and how I can contribute to your organization. Please find my resume attached for your consideration.

Thank you for your time and consideration. I look forward to hearing from you.

Yours sincerely,

Harsh Dalwala

2. Portfolio:

HARSH DALWALA

Aspiring Data Scientist | BCA Graduate | Data Science & AI/ML Learner

Location: Surat, Gujarat

Phone: +91 9408246841

Email: harshdalwala123@gmail.com

LinkedIn: <https://www.linkedin.com/in/harshdalwala/>

GitHub: <https://github.com/HarshDalwala>

CAREER OBJECTIVE

To build a successful career in Data Science by applying my knowledge of Python, data analysis, databases, and machine learning. I am interested in working with real-world datasets, finding meaningful insights, and using data to solve business problems. I am a quick learner, hardworking, and always interested in improving my technical and professional skills.

EDUCATION

Bachelor of Computer Applications (BCA)

SDJ International College, VNSGU

Year of Completion: 2026

CGPA: 7.36

Higher Secondary Education (12th)

SDRUMS, Gujarat Board (GSEB)

Year: 2023

Percentage: 86.8%

Secondary Education (10th)

SDRUMS, Gujarat Board (GSEB)

Year: 2021

Percentage: 67%

DATA SCIENCE & TECHNICAL SKILLS

Programming & Data Science

- Python
- NumPy

- Pandas
- Matplotlib
- Scikit-learn
- Exploratory Data Analysis (EDA)

Database & Data Tools

- MySQL
- Advanced Excel
- Jupyter Notebook

Web Technologies

- HTML
- CSS
- Bootstrap
- JavaScript
- PHP

Other Tools

- Git
- GitHub

PROJECTS

1. Traffic Accident Analysis in India

Technologies Used: Python, Pandas, Matplotlib, Exploratory Data Analysis (EDA)

Developed a data analysis project to study traffic accidents in India using Python and Pandas. The project involved collecting and cleaning the dataset, handling missing and inconsistent values, and preparing the data for analysis. Exploratory Data Analysis (EDA) techniques were applied to identify accident trends, patterns, and variations across different locations and time periods. Different charts and visualizations were created using Matplotlib to present the information clearly. This project helped me gain practical experience in data cleaning, data analysis, visualization, and extracting meaningful insights from real-world datasets.

2. Flood Disaster Analysis in India

Technologies Used: Python, Pandas, Matplotlib, Exploratory Data Analysis (EDA)

Performed an exploratory analysis of flood disaster data in India using Python and Pandas. The project included data cleaning, preprocessing, handling missing values, and organizing the dataset for analysis. EDA techniques were used to study flood patterns, trends, affected

regions, and changes over different periods. Visualizations were created to make the data easier to understand and to identify important patterns and insights. This project improved my practical knowledge of Pandas, EDA, data visualization, and working with real-world disaster-related datasets.

3. AI Resume Builder – ResumeForge

Technologies Used: PHP, MySQL, Bootstrap

Developed an AI-based resume-building web application that helps users create and manage professional resumes. The project included resume data management, database integration, and a responsive user interface. PHP was used for application logic, MySQL for storing and managing data, and Bootstrap for creating a responsive and user-friendly design. The project helped me strengthen my knowledge of web development, databases, and application development.

4. Online Shopping Cart System

Technologies Used: HTML, CSS, JavaScript, PHP, MySQL

Developed an online shopping cart system as a web development project. The system included product display, product selection, cart management, and database connectivity. PHP and MySQL were used for backend and database operations, while HTML, CSS, and JavaScript were used to create the user interface and interactive features. This project improved my understanding of web application development and database management.

5. Urban Perks – Clothing Store Website

Technologies Used: HTML, CSS, Bootstrap, JavaScript

Created a responsive clothing store website as an academic project. The website was designed to provide a simple and attractive online shopping experience with product presentation and responsive pages. Bootstrap and CSS were used to improve the design and make the website suitable for different screen sizes. This project strengthened my knowledge of front-end development and responsive website design.

PROFESSIONAL EXPERIENCE

Front-End Developer & Back Office Executive

Koncept Cloud Pvt. Ltd.

December 2023 – Present

My responsibilities include developing and updating web pages, fixing website bugs, uploading and managing product information, creating responsive pages, and handling back-office and Excel-related work. This experience has helped me develop technical skills, attention to detail, data-handling abilities, problem-solving skills, and professional communication.

3. LETTER OF APPRECIATION:

Date: 02-09-2026

To,

Harsh Dalwala

Koncept Cloud Pvt. Ltd.

Surat, Gujarat

Subject: Letter of Appreciation for Excellent Performance and Contribution

Dear Harsh,

We are pleased to recognize and appreciate your valuable contribution and sincere efforts during your time at Koncept Cloud Pvt. Ltd.

Your dedication, responsible attitude, and willingness to learn have been highly appreciated. During your role as a Front-End Developer and Back Office Executive, you have effectively handled various responsibilities including developing and updating web pages, fixing website issues, uploading and managing product information, creating responsive pages, and performing back-office and Excel-related tasks.

Your attention to detail, problem-solving ability, technical knowledge, and commitment to completing assigned work have contributed positively to the organization. Your ability to manage different responsibilities and continuously improve your skills demonstrates your professional attitude and potential for future growth.

We sincerely appreciate your hard work and dedication and wish you continued success in your professional career, especially in the field of Data Science and related technologies.

We are confident that you will continue to achieve great success in your future endeavors.

Sincerely,

Yashvardhan Saboo

CO-Founder

Koncept Cloud Pvt. Ltd.

4. EXPERIENCE CERTIFICATE

Date: 02-09-2026

TO WHOM IT MAY CONCERN

This is to certify that Mr. Harsh Dalwala has been working with Koncept Cloud Pvt. Ltd. as a Front-End Developer & Back Office Executive from December 2023 to Present.

During his employment, he has been responsible for various technical and administrative activities, including developing and updating web pages, fixing website-related issues, uploading and managing product information, creating responsive web pages, and handling back-office and Excel-related work.

Throughout his employment, Harsh has demonstrated sincerity, dedication, responsibility, attention to detail, and willingness to learn. He has performed his assigned duties professionally and has shown good problem-solving and data-handling skills.

We appreciate his contribution to the organization and wish him success in his future professional career.

5. LETTER OF INTEREST

Date: [02-09-2026]

To,

The Hiring Manager

[Infosys Limited]

[Pune, Maharashtra - 411057]

Subject: Letter of Interest for a Data Science Position

Dear Sir/Madam,

I am writing to express my interest in pursuing a career opportunity in the field of Data Science at your organization. I have completed my Bachelor of Computer Applications (BCA) from SDJ International College, VNSGU, and I am currently pursuing a Data Science and AI/ML course from Tops Technology.

I have developed knowledge of Python, NumPy, Pandas, Matplotlib, Scikit-learn, MySQL, Advanced Excel, and Exploratory Data Analysis (EDA). I have also worked on projects such as Traffic Accident Analysis in India and Flood Disaster Analysis in India, where I used Python and Pandas for data cleaning, analysis, EDA, and visualization.

In addition to my technical education, I have professional experience as a Front-End Developer & Back Office Executive at Koncept Cloud Pvt. Ltd. This experience has helped me improve my problem-solving, data-handling, teamwork, and professional communication skills.

I am very interested in developing my career in Data Science and would welcome an opportunity to work in an environment where I can apply my existing knowledge, learn from experienced professionals, and contribute to the organization.

I would be grateful for the opportunity to discuss any suitable Data Science position available in your organization. Thank you for considering my interest.

Yours sincerely,

Harsh Dalwala

6. FOLLOW-UP LETTER AFTER INTERVIEW

Date: [02-09-2026]

To,

The Hiring Manager

[Infosys Limited]

[Pune, Maharashtra - 411057]

Subject: Follow-Up Regarding Data Science Interview

Dear Sir/Madam,

I am writing to thank you for the opportunity to interview for the Data Science position at your organization. I sincerely appreciate the time you and your team spent discussing the role and learning more about my qualifications.

Our conversation increased my interest in the position and in the opportunity to contribute to your organization. I was particularly interested in the responsibilities related to data analysis, Python, Pandas, Exploratory Data Analysis, and machine learning.

With my BCA background, ongoing Data Science and AI/ML training, knowledge of Python and data analysis tools, and practical experience with projects such as Traffic Accident Analysis in India and Flood Disaster Analysis in India, I am confident that I can learn quickly and contribute positively to the team.

I would like to express my continued interest in the position. Please let me know if any additional information or documents are required from my side.

Thank you again for your time and consideration. I look forward to hearing from you regarding the next steps.

Yours sincerely,

Harsh Dalwala

8. DECLINATION LETTER

Date: [02-09-2026]

To,

The Hiring Manager

Infosys Limited

Pune, Maharashtra - 411057

Subject: Declining the Job Offer – Data Science Position

Dear Sir/Madam,

Thank you very much for offering me the position of Data Science at [Company Name]. I sincerely appreciate the time and effort you and your team invested throughout the recruitment and interview process.

After careful consideration, I have decided to respectfully decline the job offer. At this time, I have decided to pursue another opportunity that is more closely aligned with my current career goals and professional plans in the field of Data Science.

This was not an easy decision, as I am grateful for the opportunity and for the confidence your organization has shown in my abilities. I greatly appreciate the professionalism and support I experienced during the hiring process.

I hope to have the opportunity to connect with your organization again in the future. Thank you once again for your valuable time and consideration.

Yours sincerely,

Harsh Dalwala

9. LEAVE-OF-ABSENCE REQUEST LETTER

Date: 02-09-2026

To,

The Manager / HR Department

Koncept Cloud Pvt. Ltd.

Surat, Gujarat

Subject: Request for Leave of Absence

Dear Sir/Madam,

I am writing to formally request leave from work from 03-09-2026 to 11-09-2026 due to personal reasons.

I kindly request you to approve my leave for the mentioned period. I will complete my pending responsibilities and ensure that all important tasks are properly managed before my leave. I will also coordinate with my colleagues to avoid any inconvenience or disruption to the ongoing work.

I would be grateful for your consideration and approval of my leave request. I will resume my duties on 12-09-2026.

Thank you for your understanding and support.

Yours sincerely,

Harsh Dalwala

Front-End Developer & Back Office Executive

Koncept Cloud Pvt. Ltd.

10. RESIGNATION LETTER

Date: **02-09-2026**

To,

The Manager / HR Department

Koncept Cloud Pvt. Ltd.

Surat, Gujarat

Subject: Resignation from the Position of Front-End Developer & Back Office Executive

Dear Sir/Madam,

I am writing to formally submit my resignation from my position as Front-End Developer & Back Office Executive at Koncept Cloud Pvt. Ltd., effective from [Last Working Date].

I have made this decision after careful consideration of my career goals. I am planning to focus on developing my career in the field of Data Science and AI/ML and would like to explore opportunities that are more closely aligned with my professional goals.

I am sincerely grateful to the management and my colleagues for the support, guidance, and valuable experience I have received during my time with the organization. My experience here has helped me improve my technical, professional, communication, teamwork, and problem-solving skills.

I will ensure a smooth transition by completing my pending responsibilities and properly handing over my work before my last working day. I kindly request you to accept my resignation and provide the necessary formalities and documents related to my employment.

Thank you for the opportunities and support provided to me during my tenure. I wish the organization and my colleagues continued growth and success.

Yours sincerely,

Harsh Dalwala
